

PLYMOUTH COUNTY CYCLISTS BIKE RACK PROGRAM

The Plymouth County Cyclists have received several requests to install bike racks in front of local businesses to further enhance our bike-friendly county. We are inviting your business to participate in this opportunity to install a bike rack in front of your business!

The Plymouth County Cyclists are sponsoring this project and will coordinate with the city governments where successful applicants conduct their business. If you have any questions please email: plymouthcountycyclists@gmail.com.

For the initial phase of this new program, we have decided to install bike racks in five locations in 2021, with plans to add additional locations in subsequent years. We only ask applicants to share in the costs involved by paying a one-time application fee of \$40. Depending on the specific zoning requirements of the city involved, a business may not be allowed to install a rack at their location, in which case your application fee will be refunded. We encourage all interested businesses to apply.

To be considered, please fill out the information below, enclose the application fee of \$40, and mail to:

**Plymouth County Cyclists
Bike Rack Program
PO Box 511
Le Mars, Iowa 51031-0511**

**Your application fee will be applied to the cost of completing the project if your business is chosen. The remaining cost of the bike rack installation will be paid by the Plymouth County Cyclists.*

Note: If your application is approved by your city but you are not selected to be one of the five installed this year, your application and fee will be carried forward for the phase two installation of racks in 2022.
